

Cedar Point One Design Regatta Report - Jim Brigger, Regatta Chair

The weather gods smiled on the Cedar Point One Design Regatta on June 2-3, sponsored by Fairfield County Bank. Saturday saw sunshine and good breeze. Even though winds were lighter and less stable on Sunday, the rain held off until a few sprinkles just as Commodore Tom Little and Regatta Chair, Jim Brigger, completed the presentation of the awards.

But first things first. Racing on Saturday was intense, to say the least. The Race Committee under the leadership of Paul Iffland did a fabulous job and produced four quality races to the fleet of Mumm 30s, J105s and J30s. Racing was close and competitive – at many mark roundings, there was no more than a minute between the first and last boat. On Sunday, despite a postponed harbor start and an abandoned first race due to an extreme wind shift, two more races were completed in light and shifty winds.

In the Mumm 30 class, scores were close – five of the nine Mumms had at least one first or second in the event. But in the end, Lawrence Dickie of Greenwich, CT and his crew on *Sixx* took the honors. It was even tighter in the J105 class, where six of the seven boats racing had at least one first or second. Cedar Point's Jay Lurie and George Wilbanks came out on top on *Revelation*. And in the J30 class, Cedar Point's John McArthur on *Smiles* took first place.

We had a terrific party on Saturday night. Over beer and pretzels, PhotoBoat.com provided a slide show vividly illustrating the day's excitement. Dinner was a wonderful lobster bake from Captain John's, followed by hard rockin' with the Cedar Point House Band.

West Marine provided a pair of binoculars as a Boat of the Day prize, which RC Chairman Paul Iffland awarded to Trevor Roach on *Forever and Always*, for demonstrating and encouraging family sailing.

Other Regatta sponsors were PhotoBoat.com, Atlantic Yacht Rigging Services, J/Boats, West Marine, Penfield Marketing and the Versus Network (broadcast network of the 32nd America's Cup Races) and North Sails. We thank all the sponsors for their support. Thanks also to the many volunteers at CPYC who help make this event a tremendous success. They made it look easy... we all know it was not.
