

CPYC BASIN STORAGE - WINTER 2017-2018

Request for Basin Space – Deadline for Submittal November 1, 2017

- This application is for ALL CPYC members and non-members requesting basin space for the upcoming winter season of November 15, 2017 – April 15, 2018.
- You must apply, even if you are a member with a previously assigned basin space (including Atlantic owners).
- Non-member application must be accompanied with full payment to be considered. Member balance payment is due promptly when billed. Basin space will not be assigned to members who are posted or suspended for delinquent bills.
- Vessels left in the basin after April 15, 2018 who do not apply for summer storage, will be charged a daily storage fee of \$3.00 per foot per day.
- CPYC will provide normal repair and maintenance of the bubbler system during staff working hours. I understand, however, that CPYC is a seasonal club with limited staff and resources. I specifically assume the risk of damage or loss to my yacht should the system cease to function for any reason, whether foreseeable or not. I hereby represent that I have my own insurance coverage for my yacht. I understand that icing conditions may occur in the basin due to extreme cold or failure of the bubbler system. I agree to indemnify and release CPYC from any damage to my yacht of any kind.
- Should my yacht require emergency assistance during a period when I cannot be reached or am unable to respond in time, I hereby authorize any CPYC Governor, staff member or their designate at their discretion, to board and enter my yacht and to render such assistance as they deem necessary to take emergency measures. They may cut the lock to facilitate entry and I will be responsible for all such expenses in connection with such assistance and repair work rendered. Should such action be required they will attempt to notify me by telephone or mail as soon as practical. I agree that CPYC shall have no obligation to make any emergency repairs. I will provide CPYC with the combination or key to my boat.
- I recognize that CPYC is not responsible for maintaining a watch or otherwise caring for my yacht while at CPYC, and I will assume full responsibility for my yacht.
- I understand that no heaters are permitted in the yacht during the storage period and that power cords, if used, will be of the approved type and rating for the outlets provided. I will provide proof of insurance to CPYC.
- All boats in the basin must be clearly marked with a registration number or name and registered with the club manager. Failure to comply will result in additional fees up to \$100.
- **Winter storage rates are calculated at the rate of \$29.50 (CPYC Members) or \$32.50 (non-members) per foot or fraction thereof. 20 feet is the minimum charge for in-water basin storage.**
