## Snack Bar Charge Privileges for Junior Sailing Non-Members:

CPYC offers Junior Sailing families who are not CPYC members the opportunity to establish charge account for paying for Snack Bar purchases. This option has proved very popular for non-member children since it eliminates the need for kids to bring cash to Junior Sailing, and eliminates the awkwardness of some kids having Snack Bar charge privileges while others do not.

CPYC members automatically receive a Membership Card and Account Number, and are charged an up-front "use-it-or-lose-it" snack bar fee to their account as a way of guaranteeing CPYC sufficient revenue for the snack bar to break even.

**Non-members, however, do not automatically receive this privilege but must request a Charge Account and make a modest pre-payment per family. Any unused balance of this pre-payment at the end of the summer will be fully refunded. If you wish to give family members the ability to charge snack bar purchases, please complete, detach, and mail the form below and check(s). If your preference is to pay cash for snack bar purchases you do not need to return this form.**
